**Practiceplan**  
The business of dentistry

Part of the **WESLEYAN** Group

**WESLEYAN**  
*we are all about you*

**Practice Plan** is the UK's leading provider of practice-branded patient membership plans. This year we celebrate 30 years of dedication to building lasting partnerships with our members, supporting them to become more profitable and sustainable businesses. We partner with more than 2,000 dental practices across the UK and have expertly supported many of those to introduce private dentistry or change plan provider. We have a wealth of experience supporting practices to make the change from NHS to private. So, we can ensure a seamless transition and a smooth implementation of your own practice-branded plan. Practices that have changed plan provider to us find they gain more control over their business and brand, and more personalised support including business advice, events, marketing and training. To find out more about how we can support you, why not get in touch. We'd love to hear from you and discuss how we can help your practice now and in the future.

**Wesleyan Financial Services** is the financial specialist for dental professionals, serving the needs of dentists, their businesses and their families. With decades of experience in the industry, Wesleyan Financial Services has built a strong reputation for offering specialist advice to dentists, from those starting their careers to established practitioners planning for retirement. The team of dental specialist financial advisers understand the unique financial challenges faced by the profession and offers a comprehensive range of services, including (but not limited to) savings strategies, retirement planning, tax efficiency, and protection.
